Catchment area

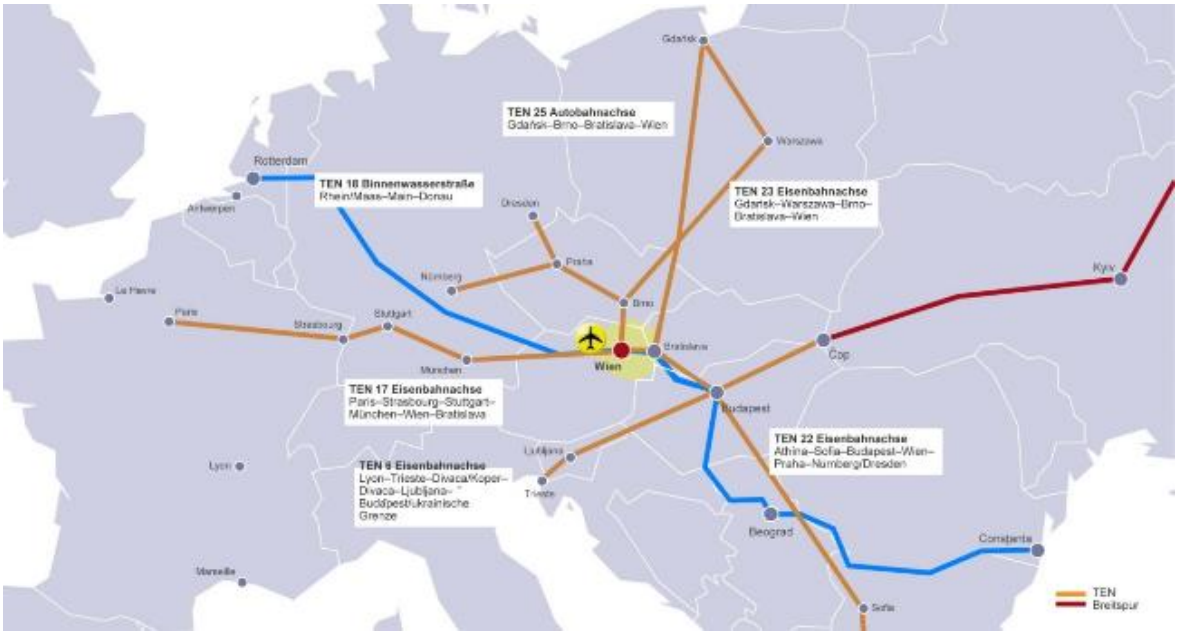
Western Hungary, Western Slovakia

Access – description

As a trimodal terminal in the heart of Vienna, WienCont is a key hub in European freight transport. Our location serves as a central driving force for logistics in Europe – with high-performance rail links to major seaports and commercial centers.

We offer frequent rail connections to Hamburg, Bremerhaven, Rotterdam, as well as Central and Eastern Europe. WienCont is also a strategic hub for traffic towards Southeastern Europe, the Balkans and Turkey.

With its location on three major TEN-T corridors – Baltic–Adriatic, Orient–East Med and Rhine–Danube – WienCont provides direct access to key European transport routes. This strategic position ensures seamless connectivity, short transit times, high service frequency and dependable scheduling across the continent.



From border crossing at Nickelsdorf (SK/H) – For runs in the context of combined traffic exemption from the ban on night-time driving
